

Welcome to the FellowshipKids Treehouse! Not sure where to start? Here's an overview of the resources provided to get you moving.

Within FellowshipKids, we lead children on a Christ-centered chronological journey through the Bible starting in our Turtles class and continuing through 5th grade. Our goal is to help children discover how the gospel unfolds from Genesis to Revelation rather than seeing the Bible as a bunch of disconnected stories. We believe when kids, of all ages, truly experience the gospel, their hearts and lives are transformed. It is only the truth of the gospel which changes everything.

Each resource provided with the FellowshipKids Treehouse video is based on the beliefs outlined above. We have adapted our weekend curriculum so that it can be used in a variety of ways, regardless of time and location. We believe there are many fun and creative ways to engage a child with the gospel. Use what we provide or be creative and fun in a way that fits your family.

#### Resources Provided:

- *FellowshipKids Treehouse video* - if you can only do one thing, we recommend watching the video. During the video, you will get to sing a worship song, hear a story from God's Word and hear how each story connects or points to Jesus. There is also a weekly challenge for your child to put what they have learned to action. It's fun to watch as a family or for the child alone.
- *Discussion Guide* - to continue the spiritual conversation from the video, use the age appropriate discussion questions. The Bible passage for the story from the video is provided if you desire to read it together as a family. A memory verse for each unit is also included. Each week, there are options for ways as a family you can take the story and have fun with it and an option to serve others as a result of what is learned.
- *Activity pages* - print this out and your child can interact more with the story content. Once again, these are age appropriate with an Early Childhood option and within the Elementary pages are a younger and older option.
- *Spotify playlist* - use this playlist of some of our favorite songs to sing praises to God whether you are at home, in the car, or wherever you are!
- *Challenge Card* - using the video and additional resources, your child will have fun and spiritually focused challenges to complete over a 4 week time period. Once they complete the card, email a copy to [children@fellowshipkids.org](mailto:children@fellowshipkids.org) to receive a prize. This is a great way to have your child begin to own their walk with Jesus and have some fun as a family.
